

Chesapeake Bay AQUATIC & PHYSICAL THERAPY

THE #1 CHOICE
for Aquatic & Physical Therapy

We provide the highest quality rehabilitation services in the region and keep our patient volume low in order to spend more time with each patient. Our team has experience treating professional and recreational athletes, patients recovering from work or auto injuries, as well as personal injuries.

TREATMENT OPTIONS

We offer both land and aquatic therapy. Depending on your needs, aquatic therapy may be an option in your treatment plan to help speed recovery. Our warm therapy pools help decrease spasms and pain and promote muscle relaxation. Whether on land or in the water, we treat our patients using the latest techniques and therapies to help restore mobility and get our patients back to work and play.
